

1939 Iron Cross 2nd Class "13"

Gustav Brehmer, Markneukirchen

Description

The Iron Cross 2nd Class was instituted on September 1st, 1939. When awarded, the ribbon was looped through the second button hole of the tunic. During normal wear, the ribbon (less the cross) was worn through the second button hole. Alternatively, a ribbon bar was worn above the left breast pocket.

Maker Mark "13" on Ribbon Loop

Prepared by Darrell Simpson - September 2005

Details

Height	44.2 mm	Weight	17.4 gr
Width	44.2 mm	Material	Silver / Iron

Remarks

The "13" Iron Cross 2nd Class can often be found in mint condition like the above example. The maker mark of "13" can be found on the Ribbon Ring like most other EK2's.
